PROFESSIONAL PROJECTS

[Morning Study - 3DS Max, V-Ray](#)

April, 2023 - June, 2023

- Initiated in 3DS Max to demonstrate my ability to transition and adapt to other 3D software.
- Designed an armchair, drawing inspiration from various references and applied textures using Substance Painter.
- Created a scene that highlights the armchair with a video presentation. Modeled some custom assets for the scene, and set dressed using various free and premium assets.
- Utilized Photoshop for touch ups, and InDesign to compile the project into a PDF for easy viewing and sharing.

[Bathroom Space - Blender, Cycles](#)

September, 2022 - November, 2022

- Created to demonstrate my ability to present existing products in a dynamic environment, and showcase my proficiency in modeling simple to complex products.
- Modeled 13 products from known brands like Kohler, Grohe, and Toto, closely adhering to product blueprints.
- Designed an interior bathroom environment to showcase the products I had modeled.
- Used Photoshop for touch ups, Illustrator for decals, and InDesign to package into a PDF for easy viewing and sharing.

[Home Exterior - Blender, Cycles](#)

June, 2022 - August, 2022

- Crafted a home exterior by combining an existing house blueprint with a diverse set of architectural references from various styles.
- Designed a home exterior that seamlessly integrates into its surroundings.
- Arranged the environments elements, such as grass, rocks, flowers, and trees, using various free and premium assets.
